

SAPICS 2018 Annual Conference

Delegate Fact Sheet

The leading event in Africa for Supply Chain Professionals

SAPICS 2018 Annual Conference

2018 will see SAPICS host the 40th Annual Conference & Exhibition

The leading event in Africa for Supply Chain Professionals

The conference is designed to offer practical and relevant information by providing delegates with excellent educational presentations, case studies, interactive workshops, site visits and so much more!

About the Host:

Think Supply Chain – Think SAPICS.

As **your supply chain community** SAPICS is totally committed to the development of a vibrant community of educated supply chain professionals in Africa. SAPICS has been growing this community since 1966 and has played a valuable role in the supply chain profession for over 50 years. Via a network of professional supply chain educators, SAPICS has access to superior, world class education with outstanding internationally recognised certifications from global partner Associations with whom it is exceptionally proud to be associated. The SAPICS community is constantly evolving in Africa and now incorporates partners in Mauritius, Namibia, Kenya, Nigeria, Tanzania and Ghana.

SAPICS members, both individual and corporate, benefit from the international associations perpetuating the intention to think Global, act Local! SAPICS is proud to be the exclusive Premier Channel Partner in Sub Saharan Africa of APICS – the leading global SC Association as well as partner to DDI, IBF and Fapics.

2018 SPONSORS

- **Fully integrate** with your professional community
- **Share experiences and expertise** with other supply chain professionals
- **Outstanding “take home” value** – Gain future ideas tailored to the needs of you and your company
- **Share your thoughts** and experiences with others
- Excellent **opportunities for giving back to the profession**
- **Network, network, network!**
- **Collect actionable tips, statistics and other useful information** to share with your team and clients
- Through networking with other professionals and vendors in the industry, you are able to gauge the pulse of what is happening and can find out **what’s new in respect of tools, technologies, and processes.**

Presentations

The event is known as **the leading event in Africa for Supply Chain Professionals** for good reason. SAPICS officials scour the globe searching for the most interesting and skilled presenters. Preference is given to relevant case studies and securing a speaker slot each year is increasingly competitive. Papers are submitted months before the event and careful selection is made by a totally impartial Speaker Selection Committee drawn from many sectors of industry. A combination of the following make up the presentations:

Keynote | 50 Minute | 30 Minute | Panel Discussions | Ideas Exchange Sessions | Interactive Workshops

Other programme inclusions

The Conference programme contains a selection of **workshops**, mainly on the Sunday afternoon of June 10, for which there is no surcharge. In addition, a variety of fascinating site visits are arranged at a nominal charge, mainly for Wednesday June 13. Pre-booking of both workshops and **site visits** is required, as there is limited space available. In summary, the programme provides 3 days of outstanding presentations, educational workshops, relevant site visits, networking and social activities, designed to enhance delegates’ professional knowledge, experience and standing.

The Venue

The recently opened Century City Conference Centre is an immaculate modern and upmarket venue with comfortable hotels within walking distance. It has proven attractive to the dedicated conference-goer, free from the unwelcome distractions of golf courses and slot machines. The design of the venue is conducive to constructive networking over the period of 3 days.

The Exhibition

SAPICS is privileged to have over 30 of the leading Supply Chain product and service providers in South Africa exhibit and showcase their products and services.

The exhibition is hosted in the central ground floor (foyer) area and given that access to the venue as a whole is restricted to registered delegates, it allows for a lengthier and more in-depth exchange between exhibitor and delegate to mutual benefit.

2018 Exhibitors

PURE LIGHT LED PRODUCTS
