2024 SAPICS Exhibition Fact Sheet

We invite you to participate in the leading event in Africa for Supply Chain Management.

For 46 years supply chain professionals from around the world have gathered in South Africa at the SAPICS Annual Conference to exchange ideas, experiences and expertise in all things supply chain.

In today’s rapidly evolving business landscape, supply chains are going through a remarkable transformation. No longer linear processes, they have become dynamic and interconnected ecosystems adapting to emerging technologies, market trends and global challenges. SAPICS 2024 embraces the theme of Supply Chain Metamorphosis and will host an event dedicated to exploring and understanding this unprecedented transformation. Join us as we delve into the profound changes, challenges, best practices, and opportunities reshaping the world of supply chain management.

This conference will be held for a second time in association with the Southern African Association of Freight Forwarders NPC (SAAFF) at the Century City Conference Centre, Cape Town, South Africa from the 09th – 12th June 2024.

The content and thought leadership created from these conferences is exceptional.

Why Exhibit at SAPICS?

- Build and promote brand awareness
- Obtain customer insight and feedback
- Effectively trial or launch a new product
- Gain competitor intelligence
- Establish existing business partnerships
- Build trust with new and potential customers
